Domo Wall Panel

Stefan Borselius

The full elegance of Stefan Borselius's Domo concept is revealed when multiple panels are combined on one wall. A beautiful interplay of light and shadows then emerges from the meeting of their beveled edges. This dynamic is further enhanced by employing screens in different colours. The screens are available in a myriad of colours and fabrics.

The modules are available in rectangular and square-shaped performances and can be fitted horizontally or vertically, which means you can build symmetrical or asymmetrical pattern formations.

Product range:
Acoustic Wall Panels

Acoustic qualities:

Absorption

Dimensions available (WxHxD mm):
600x600x34
600x1200x34
1200x1200x34

Content[1,2]:

Material	Specification	Weight (kg)	Share (%)
Wood	Solid pine frame	3.80	57.2
Steel	Fittings, screws	1.57	23.5
Polyester	Acoustic polyester	0.64	9.6
Upholstery[3]	Wool or polyester upholstery	0.61	9.1
Plastic	Lamination	0.02	0.3
Adhesive	Wood glue	0.02	0.2
Total		**6.66**	**100**
Packaging – Cardboard	Boxes	1.10	
Packaging – Other	Paper tape	0.01

Sustainability

As a part of our sustainability work, we are certified according to following standards and quality labels:

ISO 9001, ISO 14001 & ISO 45001

Management systems for quality, environment, and occupational health and safety.

We and our suppliers need to commit to Lammhults Design Group's Code of Conduct.

Möbelfakta

This product has been declared and approved to criteria of Möbelfakta:

Quality: This piece of furniture must meet established international technical standards

Environment: All stages of the manufacturing process must be green, from raw materials to finished product.

Responsible supply chains: All stakeholders in the supply chain take social, environmental, and ethical responsibility.

Acoustic facts

The impact of our acoustic products is presented at acousticfacts.com, where products can be compared in an objective way. This ensures that all technical data is accurate and meets international, European, and Swedish standards.

Abstracta's reuse service

We offer a recycling service for our customers. This means that we collect used sound absorbers and other products for renovation, reuse or recycling. To facilitate circularity, our products consist of exchangeable parts, which simplifies repair, reuse and recycling. Contact our sales support team for more information.

5-year warranty and 10-year spare parts warranty.

Global Goals

The UN Sustainable Development Goals are the basis of our environmental work. We focus on the five goals to which we can contribute most.

Goal # 3 – Good health and well-being

Goal # 5 – Gender equality

Goal # 8 – Decent work and economic growth

Goal # 12 – Responsible consumption and production

Goal # 15 – Life on land

Care instructions

Fabric
To maintain the colour and appearance of the fabric, it should be vacuum cleaned regularly with a soft nozzle.

Stain Removal for Polyester:

- Use colourless towel or a washcloth to absorb as much as possible of still-moist stain. Dried stains should be vacuumed.
- Wet the stain sparingly with a white pure cotton cloth, warm water and possibly a little pH-neutral cleaner.
- Dab the area with a dry cloth or colourless paper towel to absorb the moisture and stain.
- Repeat this process until the stain is gone.
- On the final repetition, use only clean water with no detergent added.
- Finish by dabbing up moisture with a dry cloth or paper towel.

Stain Removal for wool:
Dab or wipe gently with a damp cloth.
